

Custom-made control boxes and distribution boxes manufacturer

AI Overview

Several manufacturers specialize in bespoke control boxes and distribution boxes, offering tailored solutions for industrial, commercial, and hazardous environments. Leading Manufacturers and Their Capabilities Tec-Stop Wiring (UK) provides ISO 9001-certified custom control box assembly services, covering design, sourcing, wiring, assembly, and testing. They cater to OEMs, specialist manufacturers, and start-ups, producing high-specification control boxes for medical devices, healthcare, and industrial applications. Each unit undergoes rigorous testing for performance, compliance, and reliability, with full traceability and flexible delivery options for prototypes or high-volume production . Atex Delvalle specializes in explosion-protected and hazardous area solutions, manufacturing custom local control stations, distribution boxes, and terminal enclosures. They use stainless steel (AISI 304L/316L) and GRP materials, offering IP67/IP68 protection and worldwide certifications. Their products are designed for extreme temperatures and outdoor conditions, suitable for refineries, chemical plants, and other hazardous environments . Segue Manufacturing has over 30 years of experience in custom control panels and power distribution units. They provide engineering design, fabrication, and full documentation, with capabilities for demand-flow manufacturing and Vendor-Managed Inventory (VMI). Segue operates in Mexico, China, and the USA, offering cost-effective solutions with rapid response to demand fluctuations . Manes Controls (UK) delivers bespoke electrical control panels and energy-saving solutions for motors, pumps, fans, conveyors, and HVAC systems. They handle projects from concept to completion, ensuring reliable, safe, and quality-assured assemblies tailored to client specifications . J&HW Group focuses on custom power distribution...
