

Direct supply from UK galvanized cable tray manufacturer

AI Overview

Leading UK manufacturers of galvanized cable trays include Metsec, Dual Metal, Tamlex, and EAE Electric, offering a range of standard and bespoke solutions for industrial and commercial applications. Key Manufacturers

1. Metsec Metsec produces a wide range of cable tray systems in the UK, including mild steel pre-galvanized and hot-dip galvanized trays, as well as stainless steel options. Their trays conform to BS EN 61537 standards and are supported by independent testing. Metsec offers complete systems with various depths (12mm–50mm) and widths (50mm–900mm), along with accessories and bespoke solutions. They provide CAD design support and rapid prototype approval for custom projects, ensuring high delivery performance and installation efficiency.
2. Dual Metal Dual Metal specializes in light, medium, and heavy-duty cable trays, with options for pre-galvanized, hot-dip galvanized, stainless steel, or powder-coated finishes. Their trays are designed with smooth surfaces and rolled edges to prevent cable damage. They offer a variety of sizes, such as 50x50mm, 100x50mm, 75x75mm, and 150x150mm, suitable for different load requirements. Dual Metal emphasizes reliable, compact, and structurally strong solutions for both small and large-scale installations.
3. Tamlex Tamlex is a British manufacturer with over 50 years of experience, providing bespoke and standard steel cable management systems, including galvanized trays. They offer fast turnaround for custom products, technical support, and a design-oriented approach to meet specific installation needs. Tamlex products include floor service boxes, trunking systems, and FastConnect solutions for quick and easy installation.
4. EAE Electric EAE Electric manufactures heavy-duty cable trays and ladders from pre-galvanized or hot-dip galvanized sheet metal, suitable for indoor and outdoor environments. Their...
