

Haiti Home Distribution Box Specifications and Prices

AI Overview

Home distribution boxes in Haiti typically feature 8-module capacity, IP65 waterproof rating, and prices vary from \$50 to \$150 depending on specifications and installation requirements.

Specifications

Common residential distribution boxes available in Haiti include the following features:

- Module Capacity:** Standard units often support 8 modules, suitable for typical home circuits, allowing installation of multiple circuit breakers for lighting, outlets, and appliances.
- Material:** High-quality flame-retardant plastic, impact-resistant, waterproof, and dust-proof for durability and safety.
- Waterproof Rating:** Many units are IP65 rated, making them suitable for indoor and outdoor use, including wet rooms.
- Design:** Transparent window covers allow easy monitoring of switch status, and units are designed for surface mounting with included screws, sealing caps, and expansion sleeves for straightforward installation.
- Applications:** Suitable for homes, hotels, workshops, shopping malls, and small commercial facilities.

Pricing

- Residential Units:** Basic 8-module distribution boxes typically range from \$50 to \$100, depending on brand, material quality, and waterproof rating.
- Commercial/Industrial Units:** Larger or more advanced units with higher amperage, three-phase support, or smart monitoring features can cost \$100 to \$150 or more.
- Additional Costs:** Installation, mounting, and any required customization (e.g., labeling, integration with building management systems) may increase the total cost.

Availability in Haiti

Online Platforms: Products like the Surface-mounted 8-module IP65 distribution box are available for delivery to major Haitian cities including Port-au-Prince, Carrefour, Petion-Ville, Gonaives, and Delmas via platforms such as Desertcart.
