

Huijue sells complete sets of electrical distribution boxes

AI Overview

Huijue manufactures a range of electrical distribution boxes, including low-voltage, three-phase, and outdoor enclosure cabinets for industrial, commercial, and residential applications. Product Overview Huijue produces high-quality electrical distribution boxes designed for safe, reliable, and efficient power management. Their offerings include:

- HJ-501 Low Voltage Distribution Box:** Made from stainless steel or cold-rolled steel, this box provides corrosion resistance, durability, and customizable sizes. It supports voltage ratings from 12V to 240V and current capacities up to 100A, suitable for residential, commercial, and industrial power distribution.
- Custom IP55 Electric Cabinets:** Three-phase power distribution boxes designed for industrial and telecom applications, offering high protection levels against dust and water ingress.
- Outdoor Enclosure Cabinets:** Weatherproof cabinets for telecom, power, and industrial systems, featuring corrosion-resistant materials, thermal management, and flexible mounting options (wall, pole, or floor).

Key Features

- Durable Materials:** Stainless steel, galvanized steel, aluminum alloy, or composite panels with UV-resistant coatings.
- Safety and Protection:** Overload and short-circuit protection, IP-rated for indoor and outdoor use, compliant with CCC, CE, and ISO9001 standards.
- Customizable Design:** Dimensions, colors, and configurations can be tailored to project requirements.
- Versatile Applications:** Suitable for residential power systems, industrial control panels, automation equipment, renewable energy systems, small power stations, and construction sites.
- Integration with Energy Storage:** Many Huijue cabinets are compatible with energy storage systems, providing reliable backup power and efficient energy management.

Applications

Huijue electrical distribution boxes are widely used in: Residential and commercial buildings for safe power distri...
