

Middle East Fiber Optic Connector Company

AI Overview

Key fiber optic connector companies in the Middle East include Naficon, MEFC, Optimal Connectivity, and Amphenol Middle East, offering a wide range of high-quality connectors and fiber solutions. Naficon Fiber Optic Manufacturing LLC, based in Dubai, UAE, is a major supplier and manufacturer of fiber optic products in the Middle East. The company is ISO9001 certified and provides robust, installation-friendly fiber optic solutions for modern networks and data centers. Naficon participates in international exhibitions such as Anga Com, showcasing advanced technologies and supporting both local and international network projects. Middle East Fiber Cable Manufacturing Co. (MEFC) MEFC, located in Riyadh, Saudi Arabia, is a Saudi-Japanese partnership and a regional leader in fiber optic cables and connectors. Established in 1995, MEFC manufactures a wide range of indoor and outdoor fiber optic cables, including simplex, duplex, armored, aerial-ADSS, and duct cables. The company also produces FC, ST, SC, MT-RJ, LC, and MU style connectors, all IEC and Bellcore compliant, with high-precision zirconia for low insertion and back reflection loss. MEFC serves telecommunications, oil & gas, transportation, and industrial sectors, holding a 40% market share in MENA. Optimal Connectivity Based in the UAE, Optimal Connectivity provides fiber optic, RF-microwave, and electrical connectivity solutions. The company partners with high-quality European and American brands and offers customized solutions for energy, infrastructure, industrial, and transportation sectors. Optimal Connectivity is a regional distributor for Studer Cables and Kathrein Solutions, providing turnkey solutions including fiber optic connectors and specialized cable systems. Amphenol Middle East Amphenol is a global manufacturer with a strong presence in the Middle East, producing fiber opti...
