

Mozambique Cable Tray Network

AI Overview

Mozambique has a growing cable tray network supported by local manufacturers, suppliers, and importers offering a wide range of industrial and commercial solutions. Local Manufacturers and Suppliers Several companies in Mozambique specialize in manufacturing and supplying cable trays for diverse applications: Jeetmull Jaichandlall (P) Ltd. produces high-quality cable trays in various sizes, shapes, and colors, suitable for construction, mining, automotive, and agricultural sectors. Their products are durable, impact-resistant, and allow good ventilation, making them ideal for industrial and commercial installations. Cable House has been operating since 1983, offering cable trays along with hose clamps, cable ties, and crimping tools. They provide customized solutions and maintain strict quality control to ensure reliable and long-lasting products. Brilltech Engineers Pvt. Ltd. supplies electrical cable trays including ladder, PVC, mild steel, perforated, and stainless steel types. They focus on tailored solutions for residential, commercial, and industrial sectors, ensuring timely delivery and after-sale support. Importers and Trade Network Mozambique also has an active import and trade network for cable trays. Platforms like Trademo provide detailed information on buyers, importers, shipment volumes, and trading partners, helping businesses identify opportunities and monitor market trends. Key Locations Some notable locations for cable tray businesses include Matola, Maputo Province, where companies like O-Line Holdings Mocambique operate, serving as hubs for distribution and trade. Applications and Benefits Cable trays in Mozambique are widely used for: Organizing and supporting electrical cables in industrial and commercial facilities Ensuring safety and preventing unauthorized access Providing ventilation and heat dissipation for electrical systems Filtration and separation in specialized industrial processes The network supports both local manufacturing and imported products, offering flexibility for bus...
