

Original Chilean electrical box manufacturer

AI Overview

Chile has several reputable electrical box manufacturers, including Metalbox and ALEX® Chuqui, offering a wide range of enclosures for residential, commercial, and industrial applications. Key Manufacturers and Products Metalbox is a leading Chilean manufacturer specializing in high-quality electrical enclosures, including cabinets, switchboards, and boxes. They use certified materials such as stainless steel 304L and 316L and carbon steel, providing products that meet NEMA and IP protection standards. Metalbox also offers customized solutions, including explosion-proof and flameproof enclosures, with a variety of accessories like hinges, locks, and fittings for tailored applications. ALEX® Chuqui Metal Boxes are widely used in Chile and South America. These rectangular enclosures are made from pre-galvanized or hot-dip galvanized steel, suitable for indoor, industrial, or coastal environments. They feature knockouts for flexible conduit entry, smooth rolled edges for wire protection, and mounting holes for surface or concealed installation. ALEX® supports OEM branding and custom packaging, with a standard lead time of approximately four weeks. Other Suppliers and Exporters: Chile has a number of electrical box exporters and suppliers listed in trade directories, providing access to both domestic and international markets. These suppliers offer a variety of switch boxes, junction boxes, and custom enclosures for different industrial and commercial needs. Services and Capabilities Customization: Many manufacturers provide tailored solutions for size, material, and protection level. Material Options: Stainless steel, carbon steel, and galvanized steel for corrosion resistance and durability. Specialized Enclosures: Explosion-proof, flameproof, and industrial-grade boxes. Compliance: Products often comply with NEMA, IP, and local Chilean standards. OEM Support: Branding, packagi...
