

# Price of Armored Single-Mode Four-Core Fiber Optic Cable

## AI Overview

The price of a 4-core armored single-mode fiber optic cable typically ranges from \$0.80 to \$2.50 per meter, depending on quality, materials, and supplier. Pricing Overview Alibaba lists 4-core armored fiber optic cables starting at \$2.04 per unit, suitable for outdoor FTTX applications, with bulk purchase options available. OWIRE Solutions reports that standard single-mode 4-core armored cables for outdoor use generally cost \$0.80 to \$2.50 per meter, with prices varying based on fiber type, jacket material, and length. IndiaMART suppliers in India offer competitive rates, with prices starting at ₹7–₹9.35 per meter depending on the manufacturer and cable specifications. Factors Affecting Price Material Quality: Cables with tight-buffered fibers, high-grade polymer jackets, and corrosion-resistant steel or aluminum armor are more expensive due to durability and longer service life. Compliance and Standards: Cables meeting ITU-T G.652.D for single-mode fibers or ISO/IEC 11801 standards typically cost more but ensure low attenuation and reliable performance. Environmental Protection: Armored cables designed for harsh conditions—such as direct burial, extreme temperatures, or rodent protection—may carry higher prices. Customization: Special configurations, including fire-rated jackets, hybrid power-fiber designs, or extended temperature tolerance, can increase the cost beyond the standard range. Supplier Options Alibaba and Amazon provide international options with bulk purchasing and industrial-grade cables. IndiaMART offers local suppliers in India with competitive pricing and direct contact for bulk orders. OWIRE Solutions emphasizes quality, testing, and technical support, making it suitable for contractors, telecom providers, and system integrators. When purchasing, consider total cost of ownership, including installation, maintenance, and potential replacement, rather t...
