

Price of Flame-Retardant Cable Trays in Slovakia

AI Overview

Flame-retardant cable trays in Slovakia typically range from \$5 to \$25 per meter, depending on material, type, size, and order quantity. Price Overview The cost of flame-retardant cable trays depends on several factors including material type, tray design, surface treatment, and supplier margins. Common materials include galvanized steel, stainless steel, aluminum, and fiberglass, with fiberglass often used for flame-retardant applications due to its non-conductive and fire-resistant properties. Prices per meter generally range from \$5 to \$25, with bulk orders potentially reducing costs by 20–40% . Ladder-type trays are more expensive than perforated or wire mesh trays due to higher material usage and load capacity . Cost Factors Material: Fiberglass or stainless steel trays cost more than galvanized steel or aluminum . Tray Type: Ladder trays hold heavier cables and are pricier; perforated trays are slightly cheaper and allow better airflow . Surface Treatment: HDG (hot-dip galvanization) or powder coating increases durability and price . Order Quantity: Larger orders reduce per-unit cost significantly . Installation & Shipping: Labor, site conditions, and transport costs can add to the total price . Supplier Options in Slovakia Several reputable suppliers and manufacturers provide cable trays in Slovakia: Brilltech Engineers Pvt. Ltd. offers high-quality trays in galvanized steel, stainless steel, and fiberglass, with support for system design and installation . Cable House provides a wide range of durable cable trays, manufactured to industry standards, and offers competitive pricing for bulk orders . Volza Database lists 777 electrical cable suppliers in Slovakia, including major exporters like BAYERISCHE MOTOREN WERKE AG, CELESTICA LLC, and ABB AUTOMATION PRODUCTS GMBH, which can supply flame-retardant trays and provide quotations . Recommendation T...
