

Ranking of Data Center Micro-Module Companies

AI Overview

Top modular data center companies include Schneider Electric, Vertiv, Huawei, Dell Technologies, HPE, Eaton, ABB, BladeRoom, Durata, and Northstar Enterprise + Defense. Top Companies Overview

Schneider Electric – A global leader in modular data centers, Schneider Electric offers end-to-end integration of power, cooling, racks, and DCIM with its EcoStruxure platform. It focuses on sustainable, scalable solutions for hyperscale, edge, and enterprise deployments, leveraging a massive in-house manufacturing footprint.

Vertiv – Known for prefab modular blocks and rapid deployment, Vertiv emphasizes edge and multi-megawatt campus solutions. Its SmartMod™ systems integrate Liebert cooling and power for reliable core-to-edge operations.

Huawei – Huawei's FusionModule integrates power, cooling, IT, and AI-driven management. It is particularly strong in APAC and MEA markets, offering high-efficiency, all-in-one modular data centers.

Dell Technologies – Dell provides Modular Data Centers (MDCs) optimized for Tier 2 and Tier 3 capabilities. Its solutions are ideal for rapid expansion of Dell-centric IT ecosystems, with a focus on energy efficiency and prefabricated modules.

Hewlett Packard Enterprise (HPE) – HPE's Performance Optimized Datacenters (PODs) target high-performance computing and hybrid cloud transitions. HPE offers direct liquid cooling technology and a pay-as-you-grow model for flexible deployment.

Eaton – Eaton specializes in power resilience, including UPS, PDUs, and modular power rooms. Its modular solutions are designed for AI/ML workloads and rapid edge deployment.

ABB – ABB integrates electrification and automation in prefab systems, providing industrial-grade reliability for critical loads and modular power infrastructure from medium voltage to rack level.

BladeRoom Data Centres – A UK-based innovator, BladeRoom focuses on energy-ef...

Top 26 Modular Data Center Construction Companies

This list features 26 companies specializing in modular data center construction, varying in size from small teams to large workforces. These firms are headquartered in locations such as the United

Micro Mobile Data Center Companies

List of the top Micro Mobile Data Center companies based on extensive research conducted by Mordor Intelligence analysts and expert advisors that identified

Top 7 Modular Data Center Companies: VMR Analyst

To know more growth factors, download a sample report. "Download Company-by-Company Breakdown in Modular Data Center Market Report." Top

Top Companies List of Modular Data Center Industry

Dell Technologies is a prominent player in the modular data center market, leveraging its extensive expertise in infrastructure solutions and advanced technology to cater to the evolving demands of

Top 10 chip providers for the data centre industry

Here, Data Centre Magazine delves into some of the world's leading chip providers for the data centre industry. 10. Qualcomm Despite being more widely known in the telecommunications

Data Center 50: The Coolest Data Center Companies Of 2023

From the world's largest providers of data center hardware and software to the cloud data center giants building new

Top 7 Modular Data Center Companies: VMR Analyst Evaluation

Explore the Modular Data Center market leaders. Our Senior Analysts evaluate Schneider, Vertiv, and Huawei based on PUE efficiency, CAGR, and Edge AI scalability.

Top 26 Modular Data Center Construction Companies

Want to Find More Modular Data Center Construction Companies? If you want to find more companies that offer innovative solutions like prefabricated structures and cooling systems you can do so with

Top 10: Modular Data Centre Companies | Data Centre

Here we highlight the top 10 companies leading the modular data centre revolution, ranked by market leadership, innovation, global scale and

Micro Data Center Market Companies

Skyquest Technology's expert advisors have carried out comprehensive research and identified these companies as industry leaders in the Micro Data Center Market. This Analysis is based on

Top 250 Data Center Companies in the World as of 2024

The top 250 data center companies comprise a mix of cloud service providers (CSPs), retail colocation firms, and wholesale data center

Intelligent Micro Module Data Center

The global market for Intelligent Micro Module Data Center was estimated to be worth US\$ million in 2025 and is projected to reach US\$ million, growing at a CAGR of %from 2026 to 2032.

Top DC Power Supply Module Market Companies

Definitive guide to top DC Power Supply Module market companies: rankings, financial snapshots, SWOT profiles, regional dynamics, emerging challengers,

Data Center, UPS & Energy News | KSTAR Insights

The company's Micro DC and PMDC solutions have long served Fortune 500 companies, including Alibaba, China Telecom, State Grid

Top 10: Data Centre Companies in the World 2024

The data centre industry is one of the fastest growing worldwide and is experiencing higher demands than ever before. In line with the rapid

Top Companies in Micro Mobile Data Center

Micro mobile data centers are gaining momentum as industries demand compact, agile infrastructure. From 2024 to 2029, led by innovators like Stulz and Panduit offering advanced, climate-controlled,

Data Center 50: The Hottest Data Center Companies Of

Data center companies, cloud and colocation providers leading 2024 include AWS, AMD, Cisco, Dell, Google, Nvidia, Equinix, HPE, IBM, Microsoft

Small Intelligent Micro-Module Data Center

This report provides a comprehensive view of the global market for Small Intelligent Micro-Module Data Center, covering total sales volume, sales revenue, pricing, the market share and

Top 7 Modular Data Center Manufacturers 2026

Some of the top manufacturers of modular data centers include HPE, IBM, Eaton, Schneider Electric, Huawei, Dell, Vertiv, and others.

Modular Data Center Companies

List of the top Modular Data Center companies based on extensive research conducted by Mordor Intelligence analysts and expert advisors that identified these brands to be the leaders and major
