

Small cable tray products

Overview

Discover a variety of small cable trays, including bamboo, brass, and acrylic options. Compact sizes and multiple colors to suit any desk or workspace. Global Recycled Standard (GRS) certified products contain recycled content that has been independently verified at each stage of the supply chain, from the source to the final product and meet social, environmental, and chemical requirements. Current estimates value the market at over \$5 billion, projected to grow at a compound annual growth rate (CAGR) of 5. With our cable trays with integrated ends, Trayco® is constantly looking for solutions that increase our customers' competitiveness due to their capacity, light weight (L) or ease of assembly. These cable trays are designed to hold and support various. A small cable tray is an essential component in electrical and data infrastructure systems, designed to support, organize, and protect cables in commercial, industrial, and residential environments.
