

Tunisian Data Center Cable Management System Manufacturer

AI Overview

Tunisie Cables, TCH Industries, and 2CM Industries are key Tunisian companies that can supply or integrate cable management solutions for data centers. Key Companies

Tunisie Cables Founded in 1978 and part of the OneTech Group, Tunisie Cables is a leading manufacturer of medium and low voltage cables in Tunisia. They offer a broad range of high-precision cables suitable for industrial, infrastructure, and high-bandwidth communication networks, which are essential for data center operations. While primarily a cable manufacturer, their products can be integrated into data center cable management systems for reliable power and communication distribution.

TCH Industries Established in 2013, TCH Industries specializes in cables, harness technologies, and industrial solutions. They provide end-to-end services for electronic, electric, and aerospace industries, including equipment and solutions that can be adapted for data center environments. Their focus on high-quality service and partnerships with international technology providers makes them a potential supplier for cable management systems in Tunisian data centers.

2CM Industries Based in Sfax, 2CM Industries offers electrical and automation solutions for industrial clients. Their expertise includes system design, installation, and long-term support, which can extend to structured cabling and cable management for data centers. They also provide energy management and industrial automation solutions, which are relevant for optimizing data center infrastructure.

Considerations for Data Center Cable Management When selecting a supplier in Tunisia, consider the following:

- Cable quality and standards:** Ensure the manufacturer provides cables suitable for high-speed data transmission and power distribution.
- Integration services:** Companies like 2CM Industries and TCH Industries can offer design and installation support.
- Accessories...**
